

800-4209 25W
Soffit Light Fixture,
White

Custom applications and practical engineering are the hallmarks of Lektron LED lighting systems.

The robust, low profile design of our 20W fixture makes it ideal for fuel canopy and security lighting applications.

Easy universal surface mounting and with 2,386 lumens makes this an ideal choice for a low power utility light at a power reduction of as much as 75%.

At Lektron, we focus on standardized components, and simple, effective designs. That equates to reliability.

With over 100 million LED's in service world-wide, Lektron LEDs are the smart solution to any lighting application.

LED LIGHTING

HIGH INTENSITY CANOPY & SOFFIT LIGHT

APPLICATIONS

- Canopies
- Entry
- Security
- Stairwell
- Perimeter Soffit

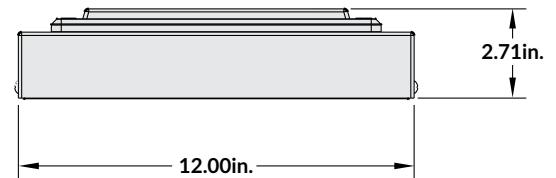

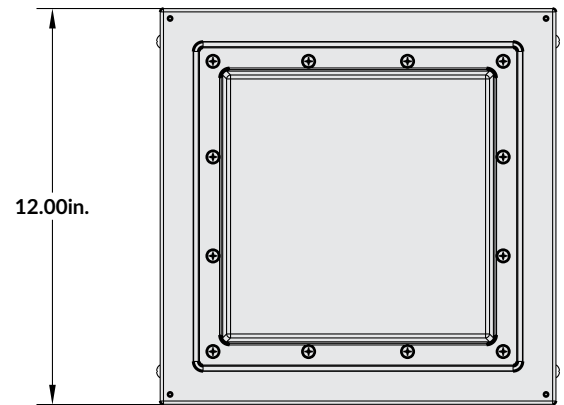

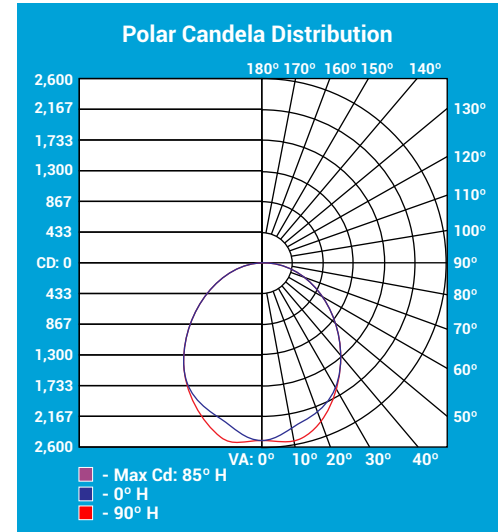

BENEFITS

- Energy Saving
- Reduction of kW load by as much as 75%
- Long life - 100,000 hrs
- Heavy duty aluminum housing
- High impact polycarbonate lens
- Powder coat white
- ROHS Compliant
- cETLus Listed

5-YEAR WARRANTY

TESTING AND COMPLIANCE

The CLS series LED light fixture is ETL certified under UI1598 specifications. Tested to Lm79 standards.
